Experience

Current Position

Simmons University School of Library and Information Science   Summer 2019-present
Assistant Professor

Member of SLIS faculty in tenure track role encompassing teaching, research and service responsibilities. Courses offered in the archives and cultural heritage informatics tracks within MLIS program. Participate in curriculum development and harmonization across archives courses, development of new assignments for existing courses, and redesign of core archives courses. Current research focuses on research data management and curation work happening in federal science agencies and digital preservation of social media data. Member of SLIS Doctoral Committee, university Faculty Fiscal Affairs Committee

Previous Positions

University of Maryland College of Information Studies   Summer 2017-Summer 2019
Lecturer

Member of iSchool faculty in professional track role. Responsibilities include teaching, research, and service activities focused on digital curation, preservation, and archives. Research activities include work with USDA National Agricultural Library. Courses offered at the Masters level for Masters in Library and Information Science students. Research focused on digital preservation initiatives at the library and the use of controlled vocabularies for agricultural data access systems. Work with NAL included collection policy/organizational scope development with data curation projects and preservation planning for NAL, combining digital library and scientific data into a unified digital preservation plan. Collaborate on the development of guidelines for Data

Management Plans in agriculture to be published as guidance for USDA. Sat as member of NAL's Collection Development Committee. Additional responsibilities included recruitment and supervisory responsibilities for the Fellowship in Digital Curation at NAL.

University of Maryland College of Information Studies   Summer 2015-Summer 2017
Postdoctoral Fellowship in Agricultural Data Curation

Conducted research at the National Agricultural Library (NAL) on data curation, primarily in NAL's Knowledge Services Division (KSD). Completed Trustworthy Audit and Certification (TRAC) review and produced digital preservation overview and report for NAL. Contributed to Additional responsibilities include coordination and supervision of student fellows working on digital curation projects across NAL.

Dissemination Information Packages for Information Reuse (DIPIR) Project,   Fall 2011-Fall 2013
University of Michigan School of Information
Graduate Student Research Assistant (GSRA)

The DIPIR Project studies data reuse across three academic communities to identify how contextual information about data that supports reuse can best be created and preserved. My responsibilities included coordinating multiple team members across different project initiatives. I was responsible for recruiting participants, conducting interviews and observations for multiple target populations and their subsequent thematic coding. With project team members, worked to develop a survey for deployment to more than 2000 researchers. Contributed to project publications ranging from posters to papers. Supervised and mentored a series of Master's student research assistants on the project who were tasked with bibliographic work, transcript review, and thematic coding.

Beyond Plagiarism Project, Sweetland Center for Writing   Summer 2013- Summer 2014
University of Michigan
Graduate Student Assistant

Beyond Plagiarism is a collaborative instructional resource created by the Sweetland Center for Writing and MLibrary at the University of Michigan. The goal is to teach undergraduate students how to use sources effectively and responsibly. My responsibilities included the development of web-based evaluations to complement instructional material related to source use.

Archival Metrics Project, University of Michigan School of Information   Fall 2010- Summer 2011
Graduate Student Research Assistant (GSRA)

The Archival Metrics Project sought to promote a culture of assessment in the archival domain by creating standardized user-based evaluation tools and other performance measures. Project responsibilities included collaborative development and authoring of toolkits for assessment in archival institutions. Conducted interviews, gathered information and feedback from partner institutions, developed and administered online evaluation surveys, wrote documentation, co-authored papers, posters and conference presentations.

Professional Experience
Database Publishing Consultants Inc (DPCI), New York, NY   2008-2010
Client Services Associate/Project Manager

DPCI is an interactive technology agency. Participated in all aspects of the business, including client communication, web consulting, and development, operations and account management. Obtained PMP Project Management credential and served as project manager for Drupal-based web projects.

CV Starr National Service Fellowship, Providence, RI   2007
Fellow

Awarded through Brown's Swearer Center for Public Service. Launched new project, along with two other fellows, aimed at raising awareness of archival resources in Rhode Island to encourage faculty research and to engage faculty with the surrounding community. Visited archives around the state to compile information for a database documenting possible points of inquiry into local collections.

Intrepid Sea, Air and Space Museum, New York, NY   2006-2008
Exhibits and Education Department Intern

Assisted in developing and leading visitor education programs for camp and public. Helped facilitate professional development sessions for New York City schoolteachers. Conducted informational tours for visiting teachers in preparation for future class trips to the museum.

Contract Freelance Research

Conducted research on military leadership, children in World War II, and other projects for exhibits in advance of museum's reopening in the fall of 2008. Collaborated with Collections Manager and Curator during redesign of main exhibit space.
